**Sprint 1 Plan, Share Yourself Artist , Web Team, Revision Date : 04/07, End Date: 04/21**

**Goal:** Recommend businesses to artists, improve the UI, learn and implement a testing method, and website responsiveness.

**Task Listing**

**User Story 1**

*"As an artist, I would like to see a list of recommended businesses, so that I can submit my artwork to businesses that are most likely to respond to me."*

Task 1: Implement new statistics to track on business side (5)
Task 2: Store the artist' current top category. (2)
Task 3: Populate the right businesses into lists for the artists. (2)

Total Story Points: 9

**User Story 2**

*"As a developer, I need to implement a standard testing method, utilizing a testing framework, in order to automate testing functionalities."*

Task 1: Research between the different types of testing frameworks. (5)
Task 2: Decide on most popular, practical, and compatible testing framework. (2)
Task 3: Began implementing small tests cases, that can be used for testing future functionality. (8)

Total Story Points: 15

**User Story 3**

*"As an artist, I would like to have an interaction with the detailed list of businesses to be able to select from, with statistics and other information to make a informed decision."*

Task 1: Create a button for an artist to visit the business page and route them to the page. (3)
Task 2: Display business profile image, name, % of acceptances, and number of art that was submitted to them. (8)
Task 3: Sort the list by one of the fields mentioned above. (5)
Task 4: Make sure spacing between cards is acceptable. (2)
Task 5: Once artist is routed to business page, allow artist to submit to that page. (2)

Total Story Points: 20

**User Story 4**

*“*As a business, I would like my submissions page to be sorted and displayed conveniently to be able to easily navigate through my submissions*.”*

Task 1: Organize the submissions into multiple pages, with 4 submissions per page. (8)
Task 2: Pages are sorted by most recent submissions first. (5)

Total Story Points: 13

**User Story 5**

*"As a developer, I would like to make the recommendations tabs more appealing and fix the design so that the website is more appealing and organized.”*

Task 1: Fix the three tabs on the artist dashboard to be more appealing. (5)
Task 2: Fix spacing and layout of cards on recently submitted artist tab. (3)
Task 3: Make sure implemented page works on other devices. (13)
Task 4: Fix the layout on /viewed_art page (5)
Task 5: Center the categories selection /artist_dashboard (1)
Task 6: Fix the layout on /art page (5)

Total Story Points: 32

**User Story 6**

*"As a business user, I would like to be able to search by art title, so that I can find the piece I would like to review.”*
Task 1: Add a search bar that brings user to page that has art piece, by art title. (5)

Total Story Points: 24

**Total Story Points for Sprint Plan 1: 113**

**Team Roles**
