

### **Sprint 3 Plan, Share Yourself Artist , Web Team, Revision Date : 05/05, End Date: 05/19**

**Goal:** Assign artist submissions to group members for review and update business member dashboard UI.

#### **Task Listing**

##### **User Story 1**

*“As a developer, I would like to create two tabs called available and reserved so that a business can assign artist submissions to any group member to review the artist submission.”*

Task 1: Create two tabs in submissions.vue (3)

Task 2: Make a flag for the two tabs so that it can recognize difference between business vs business member. (3)

Task 3: Create a list of “available submissions for review” (5)

Task 4: Create a list of “Reserved submissions” for a particular group member (5)

Task 5: Populate the two lists. (8)

Total Story Points: 24

##### **User Story 2**

*“As a business, I would like to track the business member that responded to the submission, so that review requests are more organized and tracked.”*

Task 1: Look in the codebase for how review requests are being uploaded into the database (1)

Task 2: Integrate the new field into where review requests are being created (3)

Task 3: Check and confirm that this integration was successfully and fully works (3)

Total Story Points: 7

##### **User Story 3**

*“As a business member, I would like to reserve review requests for myself to respond to so that other members in my group do not have to.”*

Task 1: Allow business members to view all unreserved review requests. (5)

Task 2: Allow members to reserve multiple requests, and then mark them as such so that they are reserved. (5)

Task 3: Move submissions from available to reserved tabs, and reserved to responded. (5)

Total Story Points: 13

#### **User Story 4**

*“As a business group user, I would like to have a dashboard and side panel that can help me navigate through my tasks.”*

Task 1: Create a functional group members dashboard. (8)

Task 2: Update the side panel so that it acts accordingly to help the group member work for the side panel. (5)

Total Story Points: 13

#### **User Story 5**

*“As a business member, I would like to see who else is in my business group, so that I can assign review requests to them and keep everyone accountable I would like to reserve review requests for myself to respond to so that other members in my group do not have to.”*

Task 1: Get the business members from the business group collection. Allow business members to mark which review. (5)

Task 2: Display title and list of every member's name and email in the admin dashboard. (5)

Task 3: Display every member's name and email in updated non-admin dashboard. (3)

Total Story Points: 13

#### **User Story 6**

*“As a business member, I would like for the social media icons to direct me to the right links, so that I can access my company's social media pages directly.”*

Task 1: Dynamically find links for a certain business (5)

Task 2: Create an onclick listener to navigate the user to the webpage. (3)

Total Story Points: 8

#### **User Story 7**

*“As a business group member, I would like to be able to respond to art pieces, so that artists can have responses for their submissions.”*

Task 1: Link group member ID with root business ID to be able to pull the right requests for the businesses. (5)

Task 2: Load the art pieces that are identified into an array so that array can be used to load the elements to the web page (5)

Total Story Points: 10
