Sprint 4 Plan, Share Yourself Artist , Web Team, Revision Date : 05/19, End Date: 06/02

Goal: Fix overall bugs on all available roles, mainly the business member side, and also implement statistics for the business dashboard.

Task Listing

User Story 1

"As a user, if I land on the website and I am not already signed in, I would like to be able to sign-in to my account."

Task 1: Fix the issue where reaching the website for the first time lands you on an undefined artist's dashboard (5)
Task 2: Route the user to the correct dashboard if they are signed in (3)
Task 3: Route the user to the homepage if they are not signed in" (3)

Total Story Points: 11

User Story 2

"As a user, I would like to have the click-area to be more accurate, so that I can have a better idea of where my clicks are going to take me."

Task 1: Fix the padding for clickable links on the right-hand '10 recently submitted artists' sidebar. (2)

Total Story Points: 2

User Story 3

"As an artist, I would like to see correct percentages for my business recommendations, so that I can see accurate statistics from the businesses I will submit to."

Task 1: Fix the issue where percentages in the list of business could sometimes be NaN. (5)

Total Story Points: 5

User Story 4

"As an artist, I would like my list of submissions to be sorted into pages instead of one long scrollable list, so that it is more convenient to find my art."

Task 1: Implement pagination on all tabs in the artist dashboard. (5)
Task 2: Make sure the filtering does not affect the pagination when used concurrently. (5)

Total Story Points: 10

User Story 5

"As an artist, I would like my dashboard layout to be more consistent wherever I route to on the website, so that I can have an improved user experience."

Task 1: Find out reasons and source of the bug for why the layout is changing when you leave the page. (3)
Task 2: Research through Vue documentation and find solution to fix the layout to become consistent (5)
Task 3: Test and ensure that this layout problem will not occur in the future. (3)

Total Story Points: 11

User Story 6

"As an artist, I would like to be able to consistent navigate through my own pictures or any other artist's pictures using the arrow buttons, so that artists can easily navigate through other artists' dashboards."

Task 1: Find the bug and reasons why the arrow buttons are not correctly navigating the pictures from the person's respective dashboard (5)
Task 2: Fix and load the correct pictures from the respective artist's dashboard correctly and accurately when using the arrow buttons. (8)

Total Story Points: 13

User Story 7

"As a developer, I would like the page where businesses can search by artists to have a compact UI."

Task 1: Find where the extra white box bug in the UI code is. (3)
Task 2: Fix the inconsistency in the UI, so that the white box does not appear when searching for an artist. (3)

Total Story Points: 6

User Story 8

"As a business, I would like there to be a way to create a new business where business members can join that business using my assigned access code."

Task 1: Figure out how to utilize the pre-existing code to create a new business in the business group collection (5)
Task 2: Implement the creation of the business group on the back-end side. (5)

Total Story Points: 10

User Story 9

"As a business group member, I would like to be able to be view submissions and business members when I first join a business, so I can immediately be informed about the business and review submissions."

Task 1: Join the test business group as a new member. (1)
Task 2: Load the business members (5)
Task 3: Load the submissions button and make sure the submissions all appear on all tabs (5)

Total Story Points: 11

User Story 10

"As a business group member, I would like my member dashboard to retain the data when I refresh, so I can still view the data whenever I want."

Task 1: Reload the business name, about, email, publication, worth knowing, and additional notes. (5)
Task 2: Reload business members' email and names (5)

Total Story Points: 10

User Story 11

"As an artist, I would like to be able to add categories to my art piece, so that I can edit the categories of an existing piece after first uploading."

Task 1: Trace the button and compare with original branch that does update categories. (5)
Task 2: Modify to allow user to add categories (5)

Total Story Points: 10

User Story 12

"As a business, I would like to be able to keep track of received art pieces for a specific category, so that the data can be used to recommend my business to artists."

Task 1: Recognize where the types of submissions coming in. (5)
Task 2: Increment the counter for it in firebase. (5)

Total Story Points: 10

User Story 13

"As a developer, I would like to fix the bug that occurs when a business member tries to access their profile, so that a business member can see their profile information."

Task 1: Current profile page loads because it recognizes businesses and artists, but not business_members. (3)
Task 2: Thus, we have to disguise a business_member by the business_admin root id. (5)

Total Story Points: 5

User Story 14

"As a business member, I would like to be able to have the right information displayed after clicking things like the refresh button, so that I will not have to worry about the web page breaking if I happen to misclick"

Task 1: Figure out where the data is first being made when the user signs in. (3)
Task 2: Make sure that data persists in the vuex state machine no matter what the user clicks (8)

User Story 15

"As a business member, I would like to not see an error/ failure when i sign up to join a business."

Task 1: Figure out where the error is being thrown.. (3)
Task 2: Fix the potential routing error / problem (8)

<u>Total Story Points:</u> 11

Total Story Points for Sprint 4: 136

Team Roles

Kavan Samra: Developer, Scrum Master
Yasunori Iwayanagi: Developer, Product Owner
Michael Hsieh: Developer
Darren He: Developer
Chris Hahn: Developer

Initial Task Assignment

Yasunori Iwayanagi:
   ● User Story: 1, 3, 5, 9, 10, 14
Michael Hsieh:
   ● User Story: 10, 11, 7
Chris Hahn:
   ● User Story: 2, 6, 7
Darren He:
   ● User Story: 4, 8, 13, 14
Kavan Samra
   ● User Story: 8,12
